GT GOLD

IN 2017 WE ACHIEVED A MAJOR NEW DISCOVERY.

IN 2018 WE OPEN IT UP.

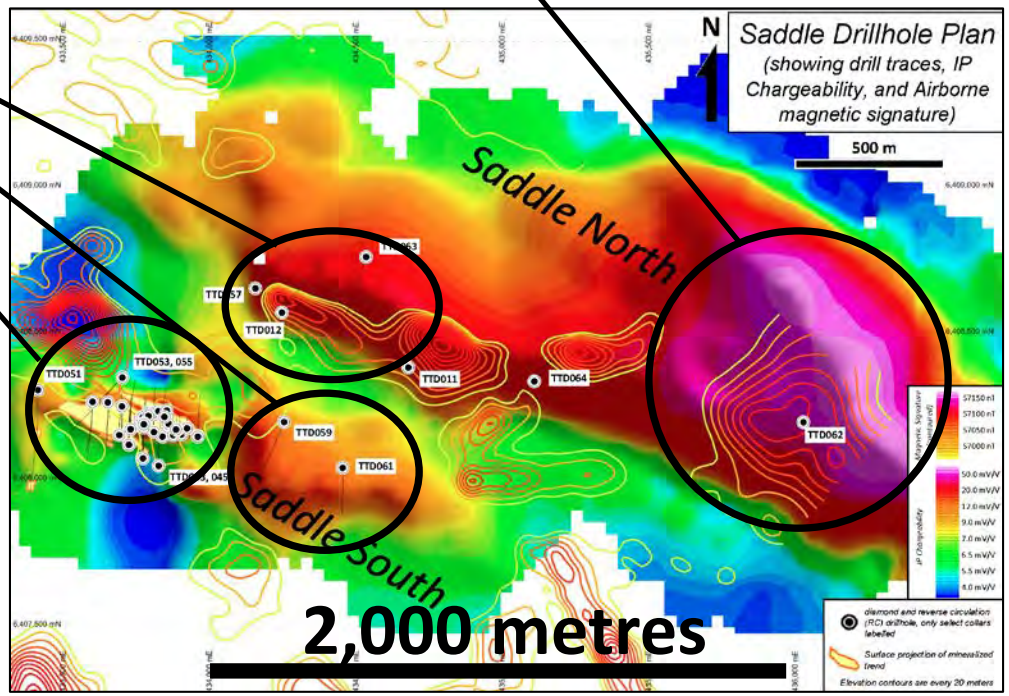

SADDLE - Major Discoveries in 2017

1. Multiple high grade gold-silver vein zones

2. The massive intrusive 'engine' responsible for it all?

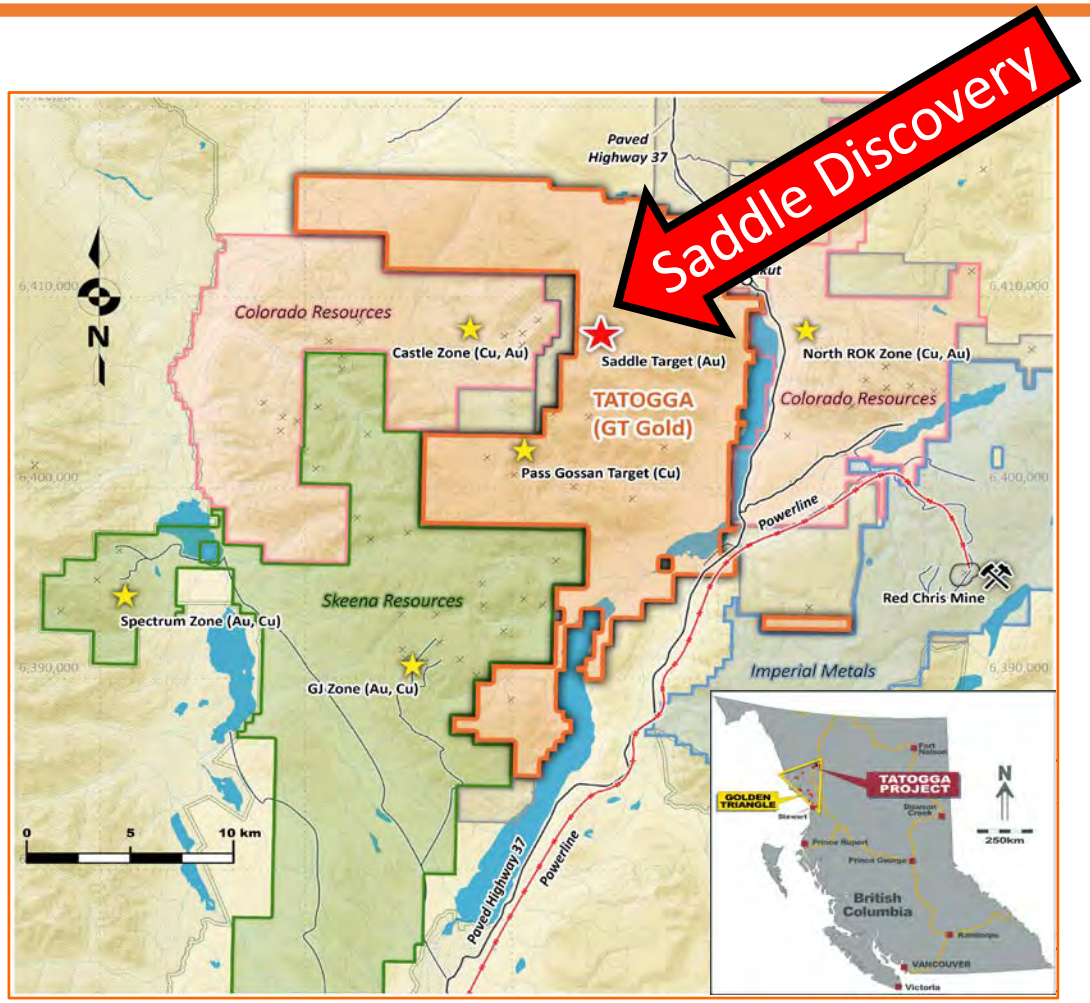

Exploration Discovery Award

- Mines & Money, London, UK, Nov. 30 2017)

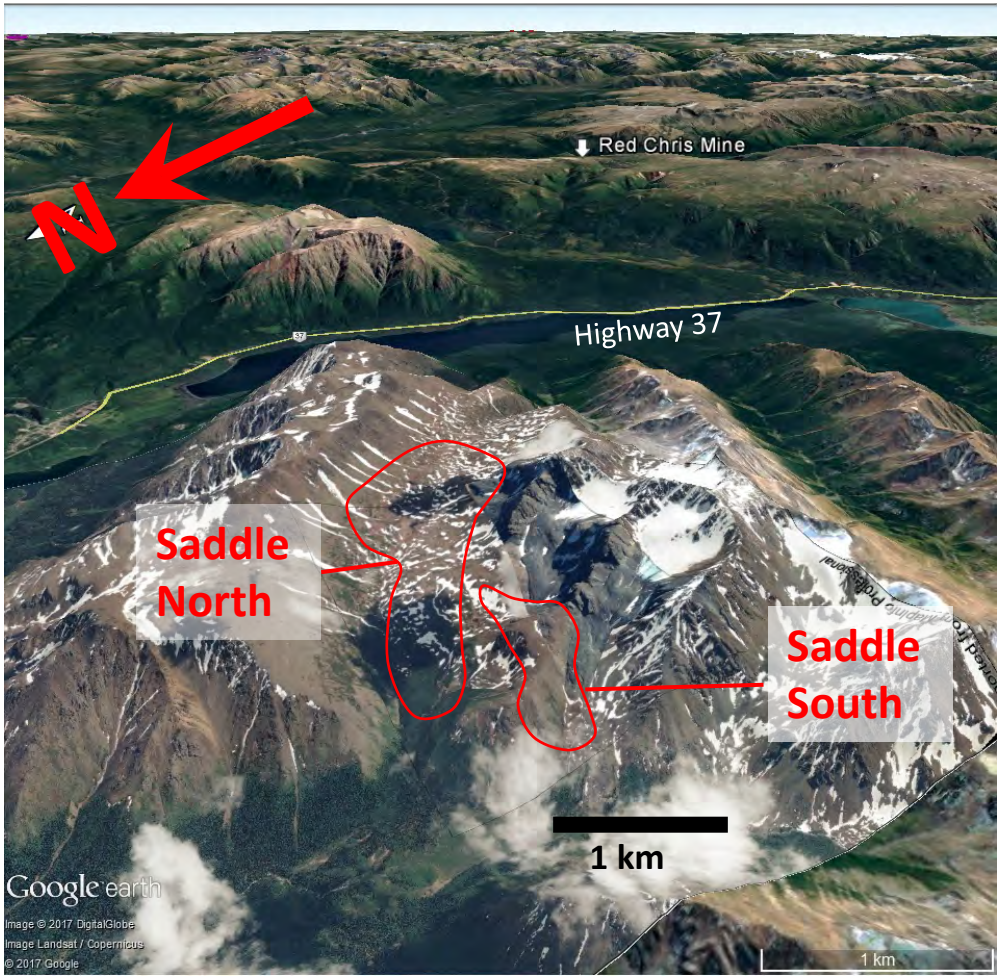

GTGOLD – LOCATION

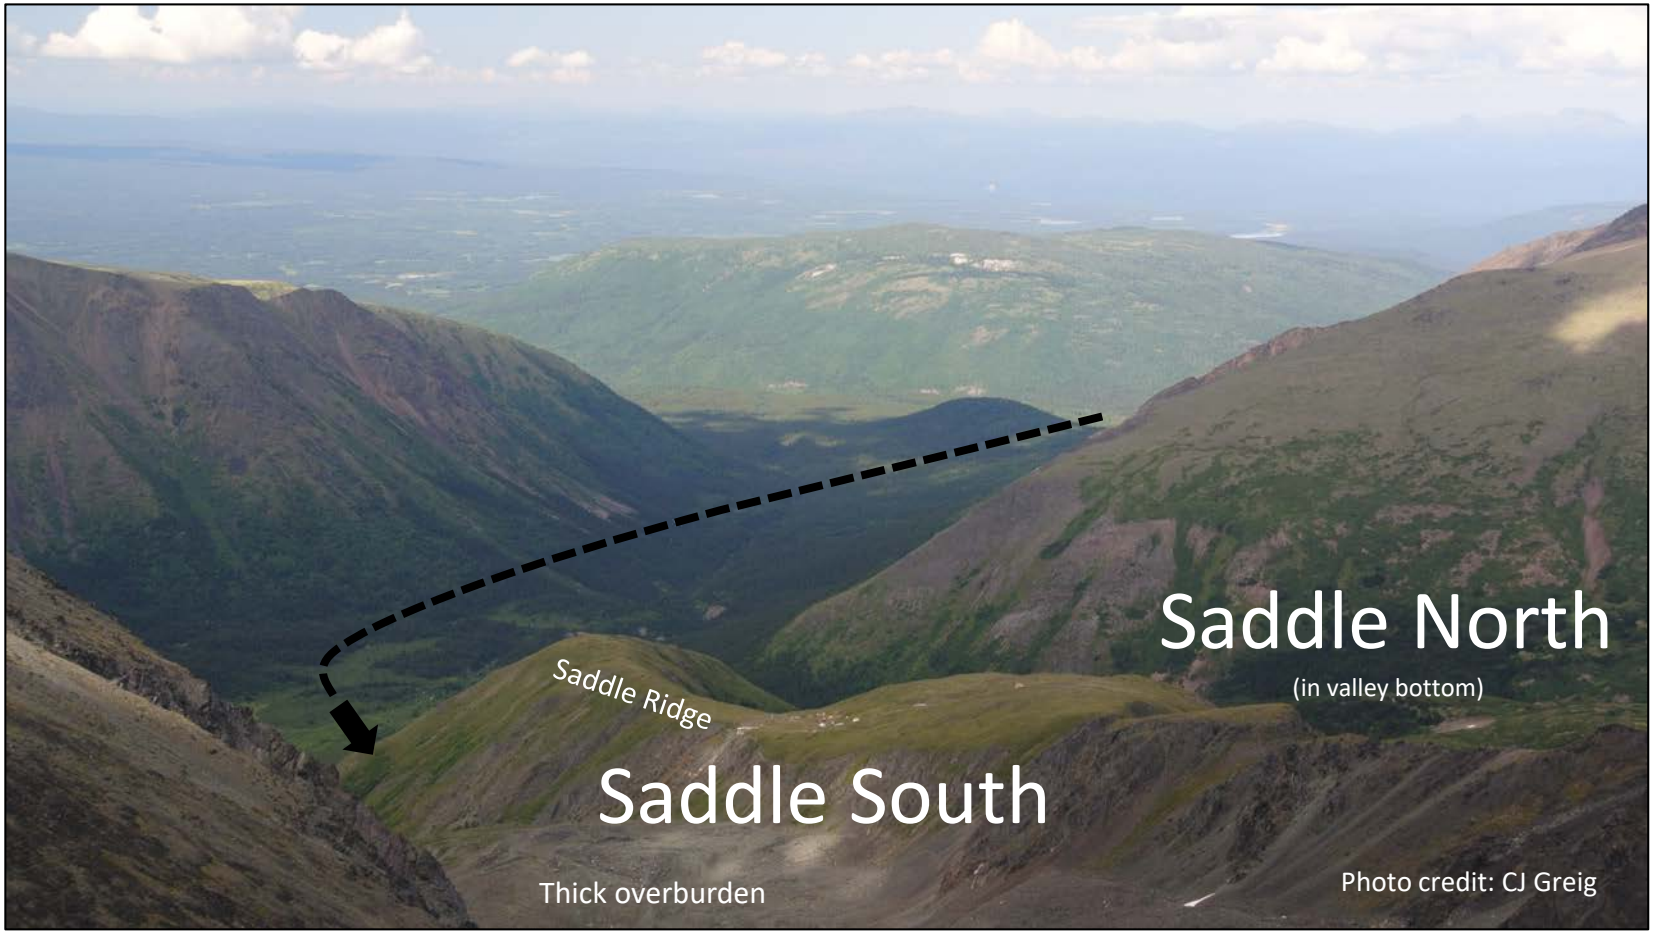

Flagship Tatogga Property:

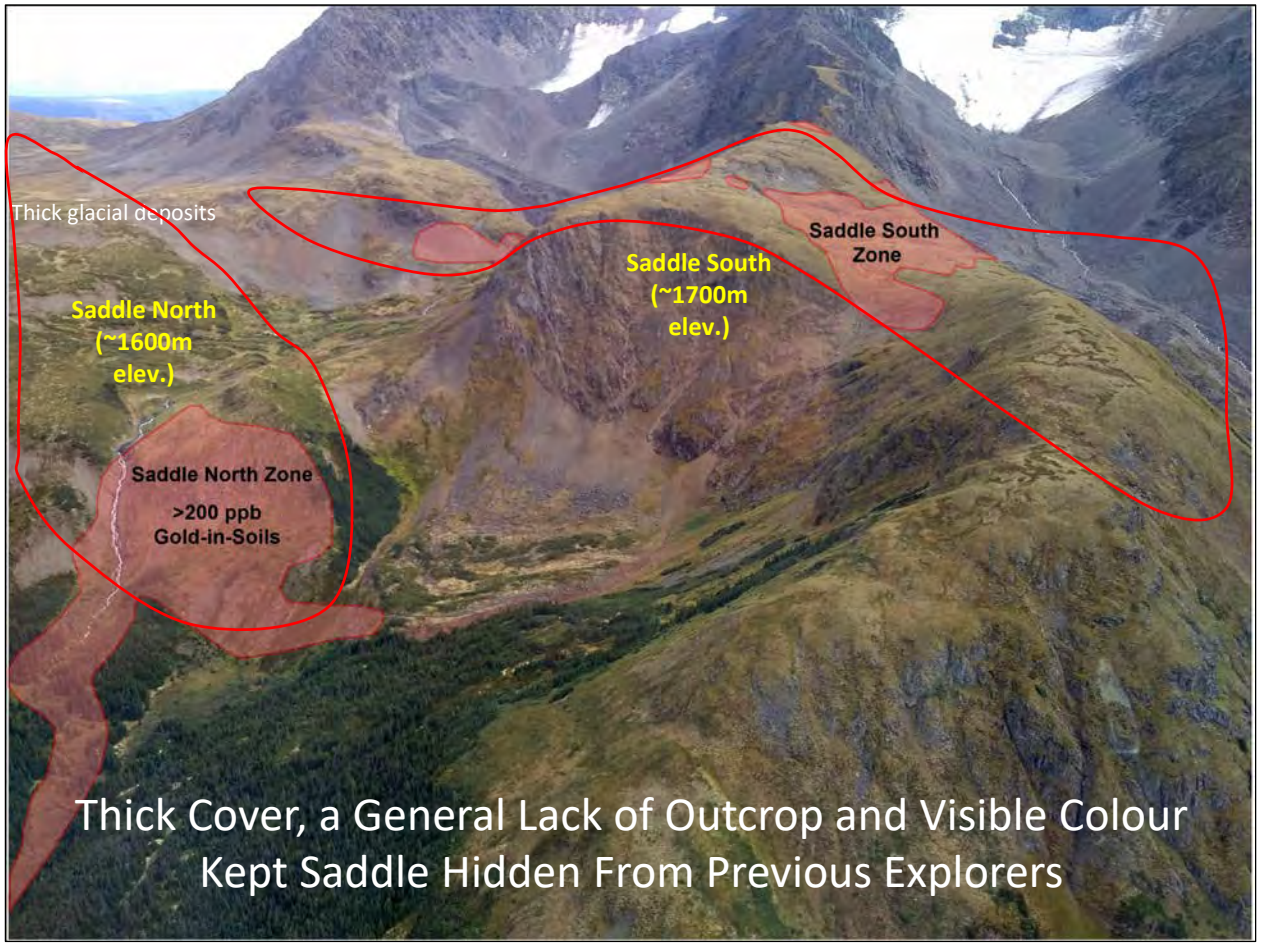

GTGOLD – Saddle Discovery – Lay of the Land

GTGOLD - 2018 Drill Plan & Budget

Saddle 2018 Drill Plan

- 2 Drills
- 17,500 metres
- $6.7 Million

Saddle North - Central
Hole 64 Follow-up Drilling
2 pads / 2 holes
1,100 metres/ 14 days work
Drill #2 (0.5 months work)

WE DRILL HERE

Saddle South
Down-Plunge Expansion Drilling
5,000 metres / 63 days work
Drill #1 (2 months work)

Saddle South
Infill Drilling
5,000 metres / 63 days work
Drill #1 (2 months work)

WE DRILL HERE

Saddle North – East End
Hole 62 follow-up drilling
200 metre centres
11 pads / 11 holes @ 500 m each
1 pad / 1 hole @ 500 m (hole 62 deepening)
Total 6,000 metres/ 75 days work
Drill #2 (2.5 months work)

Saddle South – East Side
1 hole / 400 m / 5 days work
Drill #2 (0.17 months work)

GTGOLD – JOBS & Ops

- Transportation Services
- Camp construction (carpenters)
- Fuel supply, waste removal
- Food supplies, expediting
- Cooks
- Prospectors, soil sampling
- Geophysical crews
- Drillers and drill helpers
- Archaeological surveys
- Water and plant sampling
- Soil and rock sampling
- Core loggers (geotechs)
- Core cutters & samplers
- Drill pad construction
- General site labour
- Photogrammetry surveys
- Geologists
- Geophysicists
- Data modelling / computer work
- Wildlife monitoring
- Surveying

GTGOLD – Tahltan Nation – Hockey!
